

## VOLUNTEER APPRECIATION DINNER

Simply put, Greenhouse Ministries **cannot** exist without our volunteers. The Independent Sector came up with a dollar amount for how much volunteer hours are worth. Using the Independent Sector's formula, with **22,747** total volunteer hours in 2016, the total dollar amount our volunteers saved us is **\$535,919.32**.

The Volunteer Appreciation Dinner is just a small way for us to say thank you. Thank you for sharing your time and talent with us. Thank you for making a difference in our community. And thank you for choosing to be a part of the Greenhouse Ministries family. We love you, volunteers!

## CLIFF'S NOTES

I (Cliff) became friends with JoJo Collier's parents when he was a teenager. Greenhouse Ministries was able to help them through some problems; most of these problems were because they could not read and they were vulnerable.

About 10 years ago JoJo came to Greenhouse Ministries by himself and said he wanted to learn to read. I started working with him on his letters, matching pictures with words, and trying to memorize the Fry sight words (300 most used words in English language). He really struggled but **he did not give up**. Our original thoughts were that he might be able to get to a reading level of reading picture books.

We contacted Read to Succeed to see if they could help and they assigned him a tutor to work with him. He was very faithful in showing up each time he was supposed to be there. He also continued to meet with his tutor at Greenhouse. He prayed that God would help him learn to read. He continued to struggle but **he did not give up**.

He got a job at Jack In The Box and faithfully rode his bicycle to work every day. He was so proud when he came by and let the VITA program figure out his income taxes and found out he was getting a refund.

He finally reached a point where he could sound out words but could not comprehend putting the words in sentences. But he kept trying and **he did not give up**. He finally reached a breakthrough and began reading low level elementary reading books and then some small chapter books. JoJo has now read hundreds of books. This month he has been reading a Hardy Boys and a Nancy Drew Mystery book. **He did not give up**.

Today he shares inspirational sayings and scriptures on Facebook. It brings tears to my eyes to think how JoJo struggled and is now encouraging others. **He did not give up. HE CAN READ.**

There is so much we can learn from this young man. So many people thought he would never learn to read. Many people we see at Greenhouse Ministries are in a pattern where they have been told that they do not have an opportunity to succeed or they can't achieve goals; so they don't try. They give up before they even start. You too, may be at some point in your life where you do not see a way to achieve a goal. Take a lesson from JoJo. **He did not give up.**

*"Blessed is the man who perseveres under trial, when he has stood the test, he will receive the Crown of Life that God has promised to those who love Him."*  
James 1:12
